

This has been a short half term but very busy! The children have taken part in some fantastic special days and events and we hope you enjoy finding out what's been happening in our school.

In English, we have written our own poems called *My Spring Season*. The children have been very creative and imaginative in choosing what could go into their season. Some examples of their poetry include:

- a carpet of sapphire bluebells
- a kaleidoscopic rainbow
- Forget me nots growing in the sun
- a host of golden daffodils

St David's class also shared their learning in our *Class Worship* and showed their knowledge of the Tudors with the school, family and friends. The children also presented their home learning with a *Homework Exhibition* and their models, writing and artwork was amazing!

In *Science week*, we went on a *Mission to Mars* with Professor *Brainstorm*. He showed us *NASA* images of space and showed us experiments about gravity and friction. The children also got the chance to try space food which was surprisingly tasty!

For *Sports Relief*, the children completed a circuit track on the yard. In the afternoon, the whole school came together for a *Danceathon*! Lots of teamwork and commitment to achieve their mental and physical fitness challenges! Well done everyone!

We also celebrated *World Book Day* and came dressed as our favourite book character or a word. We had great fun with a parade in the hall and everyone created a bookmark. The children also made a heart to show why they love reading and hung it on our tree outside. We spent time with our friends across the school, sharing a story and enjoying reading together.

All of the above, plus weekly swimming lessons, cooking lessons, sewing, making model lighthouses, seeing a lamb and an Easter service has kept us all busy but we have learnt a lot this half term and are ready for the Easter holidays!

We hope you had a lovely Easter and found some time to enjoy some lovely spring walks in Northumberland.
